Chrysler Wiring Harnesses

Exact reproduction wiring harnesses for Chrysler Muscle Cars

Available exclusively through Year One, Inc.

M&H Electric Fabricators manufactures concours quality replacement wiring harnesses for Chrysler Muscle Cars. Our complete line of reproduction wiring harnesses for 1964-'74 Chrysler, Dodge and Plymouth Muscle Cars is available exclusively through Year One, Inc. These beautifully made M&H

harnesses are the plug and go choice for the amateur and professional restorer interested in the finest auglity available. All harnesses are manufactured to strict OEM specifications and are identical in length, wire gauge and color, making them perfect in every detail. Original style connectors, terminals and sockets are featured on every wire end, again just as the originals. Additionally, every harness, regardless of model, is wrapped with the correct style wrapping material such as nonadhesive vinyl tape, cloth tape, cloth braid, plastic conduit or asphalt coated loom, to insure a 100% factory

appearance. If you want the best for your Mopar, insist on an M&H harness.

Log on to www.wiringharness.com to search for applications, then place your order with Year One, Inc. at 800.932.7663

Chrysler Wiring Harnesses

Used by professional restorers like Roger Gibson and Chip Foose from Overhaulin

Chrysler Wiring Harness F.A.Q.'s

My company is a dealer for M&H, can we buy Chrysler harnesses direct from M&H? No, Year One, Inc. is our <u>exclusive</u> distributor for Chrysler wiring harnesses.

My company is a dealer for M&H, why can't I buy Chrysler harnesses direct from M&H?

Year One has been granted an <u>exclusive</u> distributorship on Chrysler wiring harnesses. This particular product line is a joint venture between the two companies; where Year One has invested into making all of the necessary tooling and M&H manufactures the harnesses exclusively for them.

Can I buy Chrysler wiring harnesses at a discount from Year One?

Yes, you will need to contact Year One directly to inquire about their requirements for becoming an authorized dealer of our harnesses.

Why are Chrysler harnesses manufactured by M&H more expensive then some of the others on the market?

Our Chrysler harnesses are a perfect match to the originals; from the braiding to the connectors they are 100% correct. Ask the other guys if they can make that same statement and the answer will be <u>no</u>. Other Chrysler harnesses on the market use generic connectors and terminals or require that you re-use connectors from the original harness. Keep in mind that Chrysler Muscle Cars are most valuable when they are restored correctly, so think twice before trying to save a few dollars on an inferior product.

Competitors Harness

Missing connector, customer must reuse their original part. Incorrect metal terminals as well.

Correct connector & terminals already installed, ready for installation.

Wrong 2 piece connectors, not original.

Correct 1 piece 4-way connector.

Functional replacement connector, not original.

Correct replica of the original connector.
