2. Ship Partial (Ship each item as it becomes available)
3. Ship partial, Ship Back Order Complete (Ship all items in stock now, hold all back ordered items and ship once they all become available).

Dealer default shipping terms may be changed on a per order basis at the time of the order. Be aware that some shipping terms may incur additional shipping charges.

Approval times vary by carrier and lead time.

Returns
Normal Dealer returns for items ordered in error will be accepted for credit only. NO REFUNDS WILL BE ISSUED. Returned merchandise must be in unused condition and in the original sealed packaging. Price Column Identification & Initial Order Requirements

Our pricing policy allows Dealers to purchase our products at a discount level based on their initial stocking order and/or yearly sales volume. We have established three discount levels.

Trade Pricing
This price level is extended as a courtesy to auto parts stores, body shops, restoration shops and low volume buyers. An initial request must be made on company letterhead.

Jobber Pricing
An initial stocking order of $ 800.00 is required in order to receive Jobber pricing. There is no minimum re-order amount. A yearly minimum sales volume of $ 2,500.00 must be maintained in order to maintain Jobber account status.

Wholesale Pricing
An initial stocking order of $1,500.00 is required in order to receive Wholesale pricing. There is no minimum re-order amount. A yearly minimum sales volume of $5,000.00 must be maintained in order to maintain Wholesale account status.

PLEASE NOTE:
In an effort to establish pricing equality and consistency (within our dealer network) we will monitor all dealer sales on a yearly basis and adjust discount pricing respectively.
